Analysis of Feedback and Action Taken Report

(Year 2020-21)

4. EMPLOYERS

It is the practice of the institution to collect feedback of all the stakeholders manually as well as online. This year, due to corona pandemic, the institution collected the feedbacks of all stakeholders on online mode. To make this practice fruitful, this institution formed "Feedback Committee" for collection of data from all the stakeholders. This evaluation is done on a 4 point scale. It is a practice of the institution to collect the feedback at the end of every academic year. This collected data is submitted to IQAC by the committee. Thereafter the IQAC considers the matter seriously and in order to resolve them the data is transferred to the administration. To improve the quality of the institution, the administration takes the necessary action.

S/N	Suggestion	Action Taken
1.	Students and parents should fill their feedback and discuss it regularly. This will make them aware of the shortcomings and will facilitate development.	Feedback collection is a regular practice of the institution. Every year IQAC asks to the Feedback committee to collect the feedbacks from not only students and parents but also teachers and employers.
2.	Different efforts will have to be made to enrich the language of the students (English, Marathi). This will increase their confidence. Students need to be motivated to use the reading room of the library. Consideration should be given to the scope and facilities of competitive examination study.	IQAC strongly recommend the importance of language studies. The institution runs literature as an optional subject in English and Marathi. IQAC also suggested organising more and more literary activities for the literature lover students. IQAC recommends the Library Committee to increase more books in the Competitive Exam Centre.
3.	Make efforts for completion of syllabus	Due to pandemic, offline lectures could not be conducted on the large scale. IQAC recommends the faulty members to conduct the lectures on online mode. All the teachers

		conducted the classes virtually and completed the syllabus. The reports of the online lectures were sent to the principal at the end of academic session.
4.	Should start Commerce faculty	In the institution, Commerce faculty is already affiliated to the university. It is closed due to less response by the students. To revive the Commerce faculty, IQAC recommended the administration to work for its revival.
