Analysis of Feedback and Action Taken Report

(Year 2022-23)

1. ALUMNI

It is the practice of the institution to collect feedback from all the stakeholders manually as well as online. This year too, the institution collected the feedbacks of all stakeholders on online mode. To make this practice fruitful, this institution formed "Feedback Committee" for collection of data from all the stakeholders. This evaluation is done on a 4 point scale. It is a practice of the institution to collect the feedback at the end of every academic year. This collected data is submitted to IQAC by the committee. Thereafter the IQAC considers the matter seriously and in order to resolve them the data is transferred to the administration. To improve the quality of the institution, the administration takes the necessary action.

S/N	Suggestion	Action Taken
1.	To look after Wi-Fi facility	The institution is very keen to provide the Wi-Fi facility to the entire campus. However, many times there is failure is observed due to lack of connectivity from the company itself. The institution is thinking to add "Railnet" internet service soon.
2.	Library should provide two books to the beneficiary instead of one book	The library already has made a provision to provide two books to the students. However, one book should be academic and the other should be non-academic.
3.	The institution should provide Help Desk Number for the complaints (if any)	The institution has installed a complaint box at the most important place for the grievance redressal of the students which is opened every month by IQAC. The complaint are forwarded to the principal for redressal.
