**Analysis of Feedback and Action Taken Report**

(Year 2022-23)

**3. TEACHERS**

It is the practice of the institution to collect feedback from all the stakeholders manually as well as online. This year too, the institution collected the feedbacks of all stakeholders on online mode. To make this practice fruitful, this institution formed "Feedback Committee" for collection of data from all the stakeholders. This evaluation is done on a 4 point scale. It is a practice of the institution to collect the feedback at the end of every academic year. This collected data is submitted to IQAC by the committee. Thereafter the IQAC considers the matter seriously and in order to resolve them the data is transferred to the administration. To improve the quality of the institution, the administration takes the necessary action.

S/N	Suggestion	Action Taken
1.	Reading room facility should be made available to the teachers in the library	The demand is forwarded to the executive Management. It is assured that the construction of reading room will be started soon on the first floor of Central library.
2.	Research require special time, it becomes quite difficult to balance time for research and allotted responsibilities.	IQAC strongly recommend research contribution to all the faculties. However, balancing research work and other responsibilities is notable issue.
3.	Need more Reference books	IQAC recommends the library committee to look at the revised syllabus and provide the concerned reference books to the students as well as the faculty.
4.	Catalogue of books should be there in the library	Library is automated. The desired facility is available in the library.
