Analysis of Feedback and Action Taken Report

(Year 2020-21)

2. STUDENTS

It is the practice of the institution to collect feedback of all the stakeholders manually as well as online. This year, due to corona pandemic, the institution collected the feedbacks of all stakeholders on online mode. To make this practice fruitful, this institution formed "Feedback Committee" for collection of data from all the stakeholders. This evaluation is done on a 4 point scale. It is a practice of the institution to collect the feedback at the end of every academic year. This collected data is submitted to IQAC by the committee. Thereafter the IQAC considers the matter seriously and in order to resolve them the data is transferred to the administration. To improve the quality of the institution, the administration takes the necessary action.

S/N	Suggestion	Action Taken
1.	The projector should be made available to BA students	IQAC considered the plea of BA students positively and forwarded the recommendation strongly to the administration as projector is an important need of the students. Currently, the projector is available in Conference Hall but it is not sufficient for Arts students as they are more in numbers.
2.	Not sufficient space is available in the library. So please make it available as soon as possible.	The requirement of the students is considered and forwarded to the administration. With the increasing number of the students, reading room is not sufficient for the students.
