As in the previous academic year, the Department of Mathematics continued its efforts to promote academic excellence and personal growth among students through various engaging activities. The year began with an induction program to welcome newly admitted students to the college. We also inaugurated our subject club, "Matheletics," to encourage a love for mathematics and build a strong student community. To further inspire students, we hosted a guest lecture that explored the wonders of mathematics beyond what is taught in textbooks.

On the occasion of National Mathematics Day, the department organized a series of exciting events. These included storytelling sessions, rap performances, dance presentations, and a mathematics-themed quiz. These activities provided students with an opportunity to showcase their creativity while connecting it to mathematical concepts, making the learning process more enjoyable and interactive.

We are proud of our students' academic achievements, which reflect their dedication and the department's commitment to fostering excellence. Mr. Ankosh A. Ramteke, the head of the Department of Mathematics, played a key role in these initiatives. He also contributed significantly to various institutional activities, including working with the IQAC (Internal Quality Assurance Cell), developing project proposals, offering research consultancy, and serving on several important committees. His efforts have been instrumental in driving the department's success.

A detailed account of these activities and their outcomes is provided in the next section.
